

Designed to give a cost effective low power speaker, great for use in small rooms and bedrooms where only low level music is desired.

### Performance

**Nominal Impedance**  
8 Ohms (With iQP1)

**Power Handling**  
15W (Continuous)/ 30W (Peak)

**Frequency Response**  
112Hz - 20kHz (-6dB) mounted in  
BackboxCV300 (With iQP1)

**Sensitivity (2mm plaster/ mud skim)**  
83dB/ 1m/ 2.83Vrms (With iQP1)

**Dispersion**  
Full bandwidth 180 degree  
dispersion

### Weight and Dimensions

**Weight**  
0.79Kg (1<sup>47/64</sup>lb)

**Dimensions**  
400mm x 300mm x 40mm  
(15<sup>3/4</sup>" x 11<sup>4/5</sup>" x 1<sup>3/5</sup>" )

### Installation

**Fixture**  
CV300 Backbox/ SW300 Backbox (Wood  
adhesive and fixing blocks available)

**Connection**  
Blue butt splice crimp terminal

**Protection Unit**  
iQP1 or APURS/ 8E
